Source: Student Records Database, Summer and Winter end of term - except for 2001, Nov. 1

Notes: 1. '#' indicates the number of students registered in the co-op option for the indicated program and department as at Nov. 1 of each year.

2. Percents indicate the percentage registered in the co-op option out of the total for the indicated degree program and 'department' (major grouping).

3. Percents in 'Total' are for the degree programs in this table only.

4. '# on (term)' indicates the number of students placed on one or more work terms at some point in the academic year.

5. '# of (terms)' indicates the number of four month work term placements in the academic year. Data is not available for 2001/02.

6. For 2001 '# on term' is a preliminary number including summer work terms, registrations for the Fall term and advance registrations for the Winter term.

7. For this table, major programs have been incorporated under the name of the main sponsoring 'department'.

OIRP: Nov. 28, 2001
