- Notes:**
1. Carleton data on women drawn from personnel records as at November 1.
 2. Carleton data on other designated groups drawn from the employment equity census of employees.
 3. Data on the external work force drawn from the 1996 Canadian Census and reflect the levels of representation of designated groups only in occupations actually present in the Carleton work force in 2002.
 4. The external work force data also reflect the representation of designated group members at the recruitment level appropriate to a given occupation - national for Senior Managers and Professional(Faculty), the Ottawa-Hull CMA for all other groups.
 5. External work force disability estimates are available on a Canada-wide basis only and, due to data availability from Statistics Canada, can not be weighted to reflect the Carleton work force.
 6. Where there are fewer than four cases, the data have been suppressed and an asterisk (*) used in order to maintain the confidentiality of census responses.
